

### StartUp Live & StartUp Live+ Packages

- Cost and time effective solution to bring your StartUp to life online. You do need to be seen, you do need to be known and for many cases digital marketing and online presence are the sales tools and customer service instruments for modern business

#### StartUp Live package includes:

- Setup and growth of three basic accounts on social media for your business: Facebook page, Twitter account, Instagram account
- Regular engaging posts to keep your audience updated and entertained /one a day/
- Monthly report on our progress
- Dedicated team of freelancers managed for you – you only communicate to your manager which saves you time and money
- initial customer requests processing /SM reach outs/ – up to 20 requests per month /basic high-quality customer service for your project/

**If you need more than the list above, please check our Market-It plan**

#### The package does not include:

branding materials development, paid ads and other promo except SMM /only simple development included with package which includes basic ads to develop followership/, other marketing expenses not mentioned in the package list

#### Benefits

- We manage the process, the team, you get result, report and communicate to one manager
- Your communication manager acts as your CMO, just for way better price
- We are focused on your success, best result is our goal

**Note:** StartUp Live Package is a prepaid service. The payment should be processed before the calendar month starts /or before agreed start date/. If happen we met on Upwork, payment processed weekly \$200 per week as a fixed-price contract milestone. Due to the team and service complexity we do not track time for this package.

We will be happy to add value  
to your project with our expertise!
