

StartUp Live+ Plan—cost and time effective solution to bring your StartUp to life online. You do need to be seen, you do need to be known and for many cases digital marketing and online presence are the sales tools and customer service instruments of a modern business

The StartUp Live+ Plan Includes:

- Setup and growth of three basic accounts on social media for your business: Facebook page, Twitter account, Instagram account
- Regular engaging posts to keep your audience updated and entertained /one a day/
- Setup and management of your YouTube account with one promo video per quarter
- Quarterly press release writing and distribution or guest post
- SEO Optimized blog posts for your blog/website to support content marketing (bi-weekly)
- Monthly report on our progress
- Dedicated team of freelancers managed for you – you only communicate to your manager which saves you time and money initial customer requests processing /SM reach outs/ – up to 50 requests per month /basic high-quality customer service for your project/

If you need more than the list above, please check our Market-It plan

StartUp Live+ Plan

Benefits

- We manage the process, the team, you get result, report and communicate to one manager only
