

Service Description

A strategic audit service will set your business on a fantastic path to success!

There are three tiers in this project, and you can choose the one that you think is best for you. Outcome – business case and report.

We'll show you:

- the money leakage and optimization opportunities
- growth opportunities
- blind spots
- where processes can be automated to reduce expenses and avoid overhead
- cashflow weak spots and the ways to improve
- the ways to improve profitability
- the weak spots within your teams/training
- the trends that your company misses & much more!

Everything you need to make 2022 the best year for your business!

Strategic Audit will set your business for 2022 success!

Strategic Audit Tiers

Starter - 30 days. \$5,000 - will analyze your growth opportunities, optimization opportunities, and blind spots. Brief business case and report included.

Standard – 45 days, \$7,500 – will analyze all of the above plus money leakage/optimization opportunities, automation options, the trends your company is missing. Outcome - business case and report.

Advanced – 60 days, \$12,000 – will analyze all from the Standard and your cashflow weak spots, ways to improve profitability, the ways to improve, the training and development options that will benefit your company, and prepare an outline of the change plan. Outcome – business case, report, and short change plan.

Custom – other options for timeline, scope, and delivery/outcome. May include – on-site execution assistance, detailed change plan, trainings, and more.
